SPLIT SYSTEM & MULTI AIR CONDITIONERS

INVERTER

Energy Saving Technology

Panasonic combines Inverter Technology and Economy Mode* to create a powerhouse energy saving product. These clever technologies benefit both the environment and your power bill, so your green intentions don't have to prevent you from living a comfortable life.

*Wall-mounted type only.

Cleaner, Healthier Air

As well as a cool, comfortable home, a Panasonic Air Conditioner provides the ultimate peace of mind. The Anti-Bacterial Filter* eliminates unwanted contaminants to make the air healthier for you and your family.

*Wall-mounted type only.

Quiet Operation

Panasonic systems are amongst the quietest in the world, so you can enjoy the comfort of running your Air Conditioner at night and still have a relaxing sleep. The outdoor unit is also very quiet which means you don't have to worry about keeping your neighbours up either.

*1 Allergen deactivation was certified by Shinshu University. Allergen: Cider Pollen Allergen Cry j1 *2 Bacteria deactivation was certified by Boken Quality Evaluation Institute. Control, Comfort & Reassurance

Kiwi Temperatures

Our Air Conditioning Systems boast an outstanding operating temperature range. Cooling operation is possible even when it is a scorching +46°C outside, which is perfect for New Zealand's hot summer days. The heating operation is designed to operate even when it's a freezing -15°C outside, ensuring even the coldest parts of New Zealand are comfortable.

Built Tough

Panasonic Outdoor Units are built to last in the harshest environment. To ensure you will enjoy many years of reliable comfort from your Air Conditioner, the internal components of the outdoor unit are coated with a special blue coating that protects the unit from the damaging effects of salty air, dust, wind and rain.

Count on Panasonic

Panasonic air conditioners are manufactured to the highest quality standards to ensure years of reliable comfort. We even back our reliability by offering a full 5-year parts and labour warranty.

MULTI SPLIT SYSTEM

Advantages of the Inverter Multi Split System

Indoor unit

- A variety of Indoor Units
- Market-leading Energy Efficiency
- Anti-Bacterial Filter (Wall-mounted type only)
- Precise control of individual room temperature

Outdoor unit

- Space-saving
52% less space than five single split types.

With a single outdoor unit, control up to 5 indoor units. [Maximum]

Inverter control
The inverter offers energy-saving efficiency, quick comfort, and flexible power control. Our compressor saves more energy while reducing vibration, noise and unit size.
